

1 Identification of the Substance/Preparation and of the Company

Identification of the substance or preparation:

FILTROX FILTRODISC™ filter modules:
AF 03, AF 09, CH 03P, CH 09P, TS 02, TS 04, TS 05, TS 07

Use of the substance / preparation:

Filtration of liquids

Company identification:

Manufacturer / Supplier:	FILTROX AG	Telephone:	+41 (0)71 272 91 11
Department:	Filter Media	Telefax:	+41 (0)71 272 91 00
Address:	Moosmuehlestrasse 6	E-Mail:	applications@filtrox.com
	CH-9001 St.Gallen	Website:	www.filtrox.com
Country:	Switzerland		

Emergency Numbers:

+41 (0)71 272 91 11 or if no response, a local emergency number.

2 Hazards Identification

Hazards description:

This preparation doesn't contain hazardous substances intended to be released under normal or reasonably foreseeable conditions of use.

Critical hazard to man and environment:

Do not breathe dust.

In a dry state, mechanical influences or non-conforming use may result in emission of dust.

3 Composition/Information on Ingredients

Description of the preparation:

The various amounts of cellulose and resins used to manufacture cellulose filter sheets all comply with regulations that apply to food production.

None of the ingredients used in the above products contain any material in the sense of hazardous substance.

4 First Aid Measures

In case of inhalation:

No special measures are necessary.

In case of skin contact:

No special measures are necessary.

In case of eye contact:

Wash with generous quantities of water. Consult physician if irritation persists.

In case of ingestion:

Rinse mouth immediately with clean water and drink generous amounts of water.

5 Fire-fighting Measures

Suitable extinguishing media:

Water, foam, CO₂

Extinguishing media which must not be used for safety reasons:

High power water jet.

Special exposure hazards arising from the substance or preparation itself, combustion products, resulting gases:

This product does not contain dangerous substances or preparations intended to be released under normal or reasonably foreseeable conditions of use.

Special protective equipment for fire-fighters:

No special measures are necessary.

6 Accidental Release Measures

Personal precautions:

Avoid generation of dust.

Environmental precautions:

No special measures are necessary.

Methods for cleaning up:

Collect mechanically. Avoid generation of dust.

7 Handling and Storage

Handling:

Advices on safe handling:

Do not breathe dust. No special measures are necessary.

Storage:

Requirements for storage rooms:

Keep in a clean, dry and odourless well ventilated place to maintain product quality.

8 Exposure Controls / Personal Protection

Personal protection equipment:

Respiratory protection:

If used correctly a breathing mask is not necessary.

Hand protection:

Not required.

Eye protection:

Not required.

Skin protection:

Protect skin by using barrier cream.

9 Physical and Chemical Properties

General information:

Appearance: Solid cardboard

Colour: White / beige

Odour: Odourless

10 Stability and Reactivity

Conditions to avoid:

Avoid generation of dust.

Hazardous decomposition products:

This product does not contain dangerous substances or preparations intended to be released under normal or reasonably foreseeable conditions of use.

11 Toxicological Information

Acute effects:

Toxicological data is not available.

12 Ecological Information

Persistence and biodegradation:

Method:

According to current knowledge, negative ecological effects are not expected.

13 Disposal Considerations

Appropriate disposal:

This product, as supplied in its original status may be disposed of as normal household waste according to applicable local, state and federal regulations. Used material which has become contaminated may have significantly different characteristics based on the contaminants and should be evaluated accordingly.

14 Transport Information

Not a hazardous material with respect to transportation regulations.

15 Regulatory Information

Labelling:

The product does not contain hazardous material in an amount that requires identification and labelling according to EC directive.

16 Other Information

Further information:

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material.
