

**To whom it may concerned**

Canéjan, le 8 février 2010

LAMOTHE-ABIET wishes to inform you that all the chemical substances which we manufacture, use and being concerned by the REACH regulation, were preregistered either directly by our quality department, or by our suppliers.

Are excluded from this regulation:

- all natural substances such as the grounds of natural diatoms, coal, yeasts, tannins ...
- all food additives such as : SO<sub>2</sub>, acid citric, acid tartaric, ascorbic acid...
- enzymes: also technological auxiliaries but exempted of pre-registration, in accordance with the regulation 178/2002 and the position of Amfep (association of manufacturers and formulators of enzyme products).

All our products remains marketable and none of our products is concerned by the SVHC list subjected to authorization.

For any complementary request, do not hesitate to contact me to the following e-mail address:  
ccodet@lamothe-abiet.com

Please receive our sincere greetings.

Christine CODET  
Food safety and Quality Departement
