

## GENERAL CERTIFICATE

We certify that:

**All the products of LAMOTHE-ABIET brand:**

### **REGULATORY COMPLIANCE**

Are, in the context of their regulated use in oenology, suitable to produce or to be in contact with products intended for human consumption. Their use in oenology complies with EC regulation 2019/934 and its amendments regarding the categories of vine products, oenological practices and the restrictions that apply to them.

The FSSC 22000 certificate delivered to LAMOTHE-ABIET guarantees its compliance with Good Hygiene and Manufacturing Practices.

Comply with EC Regulation 1308/2013 establishing a common organization of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation), the implementation rules are set by EC Regulation 2019/934 for the wine market.

Comply with EU regulation 1332/2008 on food enzymes and EU regulation 231/2012 on additives.

Comply with our current Technical Data Sheets.

### **NOT GMO**

Are not from Genetically modified organisms and do not contain a G.M.O. within the meaning of part A article 2 of directive the EEC 2001/18 of the 3/12/01. The are not food products or ingredients obtained entirely or partially starting from genetically modified substrates concerned with the regulation EEC 1830/2003; this indicates the absence of cloning.

### **NOT IONIZING**

Do not result from ionizing treatment nor of irradiations.

### **NO NANOTECHNOLOGIES AND NO NANOPARTICLES**

Do not result from the use of the nanotechnologies and do not contain nanoparticles **except BLANKASIT and GEL DE SILICE.**

### **PACKAGINGS**

Are packed in packaging suitable for food contact and are not derived from nanotechnology.

The packaging comply with:

EC Regulation 1935/2004, which defines the general requirements (as resumed in EC Regulation 2023/2006) applying to materials and articles intended to come into direct or indirect contact with foodstuffs, food products and beverages placed on the Community market.

Regulation EC 10/2011 on plastic materials and articles intended to come into contact with food, including phthalates.

Law n°2012-1442 of 24 December 2012 which suspends the manufacture, importation, exportation, and placement on the market of all food packaging containing bisphenol A. Our manufacturers declare that they do not introduce bisphenol A into the formulations their packaging.

Directive 94/62/EC, as amended, on environmental requirements for the design, manufacture and waste of packaging.

Directive 2008/98/EC, which establishes a legal framework for the treatment of waste within the Community.
