TO WHOM IT MAY CONCERN

I hereby confirm the following in relation to products produced by Eaton Technologies GmbH.

Products have been produced without the use of genetically modified organisms and/or derived from these.

Products have not been ionized or irradiated and do not contain any ionized or irradiated components.

Sewage sludge has not been used in the production of our products.

Products have not been produced with the use of nanotechnology and therefore do not contain any engineered nano-materials.

Best regards

Ilona Schneider  
Productmanager Beverage Treatment Products
